

Assasination of MK Gandhi Script

IT was the day of his assassination when S Patel met him last. S Patel met him because of some reason that I will describe in our next live discussion which is going to turn up the whole theory of Nehru and his Cabinet.

But for now focusing on the assassination Lets start this discussion. And one thing i would want you all to know is that, The possible conspiracy behind his murder was very planned and may have links with many people. Also, The possible theory does say that, the whole plan continued till godse and his another one companion got hanged.

So, On January 30, 1948 the same day he was assassinated, Gandhiji was in his room and he had to go to the prayer ground to speak. He went to the prayer ground along with his two girls (Abha and Manu), just 50-70 yards away, Godse confronted Gandhi. He first did NAMASTE to him and shot, Then Gandhi fell down on the ground.

When Gandhi fell down on ground he was taken to his room in the Birla house. There gandhi asked for a glass of water, which they gave him and he was conscious likewise he asked for the glass of water and after about half an hour he was dead at around 05:30 , Then after 15 minutes to his death, a man who was the owner of a hotel in connaught place named as Madina Hotel, went to tughlak road police station and filed a FIR, Where He said " that 3 shots were fired at Gandhi" but Not any official policeman eyewitness present there filed the FIR.

Later, on behalf of the FIR, the trial started and a public prosecutor named Daftari, was in the process of trial. Later in the time of Emergency, he became attorney general, because He was very close to Nehru and then to indira. As the trial ended, Godse confessed about the assassination and got death sentence. Now, Along with him Narayan Apte was also hanged, but he was not the one who shot him. According to the eyewitnesses nobody said that Apte also shot Gandhiji but still he got the death sentence. So here arises the first suspect.

Now here comes the first unanswered question that

1. Why was Gandhi not taken to hospital instead of his room in Birla House ? Who took the decision about this and why this question was not raised in the trial.

Ans : Daftari would have asked that question but even he didn't ask in the trials. Well, He was from the beginning a friend of Congress people and Nehru.

Now, he was not taken to the hospital which was just a 5 minute driveway from the Birla house that was Willington Hospital. So, This question is to be investigated, who took the decision to take him to the room instead of the hospital which could save Gandhi's life.

2. How many times he was shot, the FIR says that it was 3 shots and later the police also said that it were 3 shots.

Ans : Now, when the trial was on the way, Godse wanted to make a statement, for which he was allowed according to the criminal law. As accused he said " I came with determination to shoot him twice, even if I would have shot him once he would have fallen down on the ground because he was not well and around 70-75 year old".

But now what is the way to exactly find out how many times he was shot? So, its simple that asking from the eyewitnesses of his assassination. Now, as I said earlier, Gandhiji went to the prayer ground with his two girls. "Abha and manu" can be the only person to tell the truth and tell how many times he was shot. , But they were not invited to speak about the assassination, which were the nearest to the Gandhi but before to that moment, they spoke to police and explained them what happened. But you see that mysteriously the record file disappeared and the record of Abha and mANU got vanished.

3. Then the third question about the assassination is that "Why there was no postmortem, of Gandhi"?

Ans. Because you can find who all were present , how he was dead, when he died, you can get all that info in the postmortem". sO, IT is the question to be investigated or I would say asked.

Fourth question :

4. That the weapon used to shoot Gandhi was a priced Italian gun and as the information available, there are only 3 guns like that.

Ans: So, the question is who gave the gun to Godse, which was not easy for him to get it. This is to be answered, but later the police said that a person from Gwalior gave him when godse visited last time. But still no question was asked to that person, that who gave him the gun, where did he get it. nothing was asked. Later the gun also disappeared because it wasn't present in the trials which could reveal that, if he was shot 3 times according to the FIR, then there must be 3 empty rounds in the gun, but it was not there. So, if the gun would be there, it would be open whether he was shot thrice or twice or any number of times that are in the air. Which can be regarded today as "Mistrial".

So, this was the story and unanswered questions on his assassination but I would like to also tell you that the cons[iiracy didnt start from 30 january 1948 i.e. just after his assassination but many days before to that. I am not sure for how many days the conspirator was planning to kill him but it is sure from the above findings that at least 10 days he spent to plan the whole thing and kill Gandhi ji.

To tell you this story we have to go back to his life before 10 days of his assassination. Gandhi had an attack on him on 20th january 1948, in which the attacker ran away and they didn't find him but godse got caught and arrested. Later they said that Godse escaped and we don't know where he is. MORARJI Desai, who was in Maharashtra told the centre that Godse is roaming around Mumbai, shall I arrest him? Then the order came from Delhi (Which was definitely from some highly responsible person) that It is not necessary, dont arrest him. On 26th January 1948, godse came to Delhi, by a flight, which he couldn't afford as he didn't travel in flight earlier, He came and

stayed in a hotel, which was the hotel of the same person who filed the FIR. The MADINA HOTEL.

So, it is clear that there was someone who wanted godse free since the order came from the center, he/she was not an ordinary person. Now whoever the person was, thought that godse will shoot him with his face and an uncharted man will shoot him from some distance and that would not be known or not discoverable by anybody. This is just a guess but I am sure that whoever that guy was, desperately wanted gandhi to be dead. After to it, it was said that his body has 4 wounds, that means 4 times he was shot, but then again it was disputed and a theory developed that these 4 wounds are exit and entrance holes, the orientation of the wounds didn't permit that they can be associated with a single bullet, but since there was no postmortem, nothing came out and that became another mystery.

Nehru had in mind that, Savarkar is the conspirator for this assassination, but they didn't arrested him, because they knew that if he would be arrested, there will be huge crowd out of the courtroom or the Lal Kila. But he was supposed to be the conspirator according to Nehru. Later S Patel as Home minister ordered about the BAN of RSS but later after a Year they were freed without any charges then Patel wrote a congratulatory letter and said " I am so happy to see you freed without any kind of charges." .

So, the question here is, on what basis RSS was banned , or if RSS was banned to be the face behind the assassination, then why they were not called during the trial, there is no mention of RSS in the trials but it was banned. Also, Godse went to shakha sometimes but that is not the evidence of the assassination, there are many congress people who were in RSS before they joined congress.

Now the question is that Why was it necessary to assassinate MK Gandhi?

Ans: So, as I ve told you earlier about the two party thing one with Nehru and ANOTHER with S patel, Gandhi's private secretary wrote a book "Last will and testament of MK Gandhi", He wrote that gandhi told to sardar panel, that I am going to create two parties for both of you, and ofcourse S patel would get the more support and He could be the first PM. But here comes the britishers role, Brithishers never

wanted 2 people in the power or in the lead was SC Bose and S Patel. So, to prevent Gandhi to create two parties, and going ahead to lose power over the upcoming PM and of course Nehru was a great fan of britishers as a community or as individuals these words are in the air, but naming them shall not be good, And therefore britishers had an incentive to kill MK Gandhi, so that India always remains poor and join Olympics and accept the king, this was not possible with S Patel and only JLN could do that. SO, ALL these things above said it requires reopening the case and to find out the truth.

Why did Godse want to kill gandhi?

For this question the answers are more than 200 reasons but I will only state few of the reasons to tell you that How important it was for Godse to assassinate gandhi.

Something about the british law system

But the important aspect in any action whether criminal or civil crime is; 4 share responsibility – kartha, karayita, preraka, anumodaka. All should be punished.

Britishers created an elaborate legal system that punishes only doers or karthas who are very low level operatives. As we never changed the British criminal justice system even since we got freedom, till today only karthas/doers goes to jail not the planner of any frauds or criminal offenses in India. After USA also got Independence from Britain they immediately changed the stupid British law stating that all four should be punished.
